Requested Information for 20 CFR §656.17 Audit Letters, Continued

Practice Tips:

✓ Make sure scanned documents are clear and legible and contain newspaper name and date.

✓ Submit readable newspaper ads.
Requested Information for 20 CFR §656.17 Audit Letters, Continued

Practice Tips, Continued:

✔ Highlight or circle the actual ad on the newspaper without obstructing the content.

✔ Submit dated copies of ads.

✔ Include URL on any website postings.
Requested Information for
20 CFR §656.17 Audit Letters, Continued

• Provide a recruitment report as described in 20 CFR § 656.17(g)(1) that is signed by the employer or the employer's contact describing:
  o The recruitment steps undertaken and the results achieved,
  o The number of hires, and
  o If applicable, the number of U.S. workers rejected, summarized by the lawful job related reasons for such rejections.
Requested Information for 20 CFR §656.17 Audit Letters, Continued

• For all U.S. workers who applied for the employer’s job opportunity listed on the ETA Form 9089, the Recruitment Report provides the following information:
  o Whether the applicant(s) was interviewed; and
  o Copies of the resumes and completed employment applications.
Practice Tips for Recruitment Reports

 ✓ In order for the Certifying Officer to determine whether a U.S. applicant is able, willing, qualified and available for the job opportunity, the employer must provide the following information in its recruitment report:

1. The total number of U.S. applicants who applied for the job opportunity;

2. The total number of U.S. applicants hired for the job opportunity; and, if applicable,

3. Provide the total number of U.S. applicants who were rejected based on the lawful job-related reason(s) under each category for rejection.
Practice Tips for Recruitment Reports, Continued

✓ A chart or listing with all the U.S. applicant’s names and all other applicable information assists the Certifying Officer in reviewing large numbers of applicants.

✓ Organize resumes as listed in the Recruitment Report.
Practice Tips for Recruitment Reports, Continued

✔ Clearly indicate whether an applicant was interviewed or not.

✔ Indicate the total number of U.S. applicants who were interviewed for the job opportunity.

✔ List the names of each U.S. applicant rejected under each category.
Categories need to be unique to each reason or multiple reasons for rejection.

For example, a U.S. applicant who does not possess the minimum educational requirement should be classified and counted under a rejection category entitled “applicants who lack required education.” If a second U.S. applicant likewise did not possess the minimum educational requirement but was also rejected for not possessing the special skill requirements under Section H-14, that U.S. applicant should be classified and counted under a separate category entitled “applicants who lack required education and special skills.”
Practice Tips for Recruitment Reports, Continued

✓ Categorizing the employer’s recruitment results in this manner will enable the Certifying Officer to clearly establish the reason for disqualification of each U.S. applicant and avoid the need for additional information requests. If the total number of U.S. applicants rejected does not equal the total number of U.S. applications received, the application may be denied.
Requested Information for 20 CFR §656.17 Audit Letters, Continued

- Provide employment applications, pre-screening questionnaire(s), test(s), and any other assessment tools used for the job opportunity.
- If the employer rejected U.S. applicant(s), please provide documentation explaining why the U.S. applicant(s) could not have attained the skills necessary to perform the duties listed in Section H-11 of the ETA Form 9089 during a reasonable period of on-the-job training.
Requested Information for 20 CFR §656.17 Audit Letters, Continued

Standard Applied:

Pursuant to 20 CFR § 656.24(b), the Certifying Officer must consider a U.S. worker able and qualified for the job opportunity if the worker, by education, training, experience or a combination thereof, is able to perform in the normally accepted manner the duties involved in the occupations as customarily performed by other U.S. workers similarly employed. A U.S. worker is able and qualified for the job opportunity if the worker can acquire the skills necessary to perform the duties involved in the occupation during a reasonable period of on-the-job training.
Requested Information for 20 CFR §656.17 Audit Letters, Continued

- If the employer rejected any applicant on the ground that they are not a U.S. worker during the course of recruitment, please provide a statement, along with supporting documentation, explaining what process or steps the employer conducted to assess each one of these applicant(s). The statement must include how the employer determined that the applicant was not a U.S. worker as defined under 20 CFR § 656.3; and therefore, was lawfully disqualified for consideration of the job opportunity.
Practice Tip:

Employer should submit whatever documentation is used in the normal course of business to verify applicants’ status for the job opportunity.
Requested Information for 20 CFR §656.18 Audit Letters

- Recruitment Documentation pursuant to 20 CFR § 656.18 College and University Teachers Special Recruitment:
  - A statement signed by an official with actual hiring authority outlining in detail the complete recruitment procedures undertaken; and which set forth the total number of applicants for the job opportunity and the specific lawful job-related reasons why the foreign worker is more qualified than each U.S. worker who applied for the job.
Requested Information for
20 CFR §656.18 Audit Letters, Continued

- A final report of the faculty, student, and/or administrative body making the recommendation or selection of the foreign worker.
- A copy of the advertisement for the job opportunity and, if appropriate, evidence of all other recruitment sources.
- A written statement attesting to the degree of the foreign worker’s educational or professional qualifications and academic achievements.
General Practice Tips

✓ Sending documents not requested such as stakeholder meeting notes, O-Net print-outs, etc. – would increase the size of document uploaded in CMS or e-mailed to the Help Desk.

✓ Avoid sending documents not requested.

* Reminder: Audit response and withdraw upload capability is available in CMS.
Job Order Tips

Practice Tips for Job Orders:

- Copy of the Job Order is not required, but the Certifying Officer will review all the documentation submitted with Audit Response.
- The content of the Job Order should be consistent with the job opportunity as delineated in the ETA Form 9089.
Job Order Tips, Continued

✓ If the employer must select different requirements from those listed on the application due to drop-down fields on the SWA’s site, the employer should:

✓ Use the free text field in the Job Order site to explain/clarify the actual requirements for the job opportunity.

✓ Include any supporting documentation from the SWA to corroborate the explanation with the audit response.
Job Order Tips, Continued

Example: The wage offer on the SWA Job Order is listed as an annual wage range from $50,000 - $75,000. However, the single wage rate offer on the ETA Form 9089 is listed as $65,000 per year.

✓ If an employer is limited to drop-down menu selections when filing a Job Order and if the content of the drop-down menu does not support the information pertinent to the job offer, the employer should list the actual wage offer in a free text field of the Job Order for clarification.
Section III

Failure to Comply
Importance of Compliance

Failure to respond by the designated timeframe:

- The application will be denied;
- The failure to provide the requested documentation in a timely manner will constitute a refusal to exhaust available administrative remedies; and
- The administrative judicial review procedure provided in 20 CFR § 656.26 will not be available.
Importance of Compliance, Continued

Insufficient or Inadequate responses:

• The application will be denied; and
• The employer may be required to conduct supervised recruitment pursuant to 20 CFR § 656.21 in future filings of labor certification applications for up to two years from the date of the Final Determination.
Importance of Compliance, Continued

If the employer requests to withdraw the application while the case is in audit status:

• Submission of a complete Audit Response is required.

* Reminder: Audit response and withdraw upload capability is available in CMS.
Pursuant to 20 CFR § 656.20(b), a substantial failure by the employer to provide the required audit documentation will result in the application being denied pursuant to 20 CFR § 656.24, and may result in a determination by the Office of Foreign Labor Certification Certifying Officer to require the employer to conduct supervised recruitment pursuant to 20 CFR § 656.21 in future filings of labor certification applications for up to 2 years. Moreover, a pattern or practice of failing to comply in the audit process, which includes but is not limited to, a failure to provide required documentation, pursuant to 20 CFR § 656.20, is a ground for debarment of an employer, attorney, agent, or any combination thereof from the permanent labor certification program for a period of up to three years pursuant to 20 CFR § 656.31(f)(iv). Knowingly furnishing false information in the preparation of this ETA Form 9089 and any subsequent thereto or to aid, abet, or counsel another to do so is a federal offense punishable by a fine, imprisonment up to five years or both (18 U.S.C. 2, 1001).
